

MBA ^{RMS}

INTERNATIONAL

Dyah MAYLANIE, Melanesian, IMBA 2008/2009

"As a highly demanding customer, what sort of criteria would you use when planning to purchase something? You would definitely consider the overall package!

The Reims Management School IMBA indeed gave me everything I was

looking for: accreditation, ranking, international environment are some of things I'd like to mention. Then, the dense

schedule, the balance between technical skills and soft skills, conferences, meeting 140 major firms on the Campus, and the opportunity to learn many languages justify every single Euro you spend here.

Thanks to RMS and its IMBA, now I am more than confident to pursue my career in Consulting and Finance at a higher level."
